

PARENT INFORMATION:

Unrealistic expectations and unnecessary pressure have the biggest impacts on kids during tryouts. Most of this pressure comes from us as parents. The most beneficial thing we can do for the kids is to support them and have them play at a level where they have the best opportunity to develop.

- Not all kids can make the team, so be prepared to support them in a positive manner if they don't
- Player selections #1 to #12 are always fairly clear and most people would select the same players. #13 to 17 are always difficult as several players will evaluate fairly close. The Coach will make the decision on those players based on factors such as positional play, role player, or coachability.
- Not everyone will be satisfied with the decisions made. We are all biased to our own needs and wants, whether we are coaches or parents. It is our expectations that coaches at all levels are open to discussions regarding the decisions made. We ask that you are respectful of the coach's decisions and allow a "cool down" period for emotional issues prior to approaching a coach.
- The coaches at these levels make a huge commitment to these teams and will expect the same level of commitment from the parents and players.
- Rep teams are given more ice and it is expected that practises are attended by all team players on a consistent basis.
- The cost of rep hockey increases due to the increased amount of ice allotted for each team. There is an additional cost on top of the basic registration fee for this. You should also expect fees to be collected on top of the basic registration fees and rep fees to cover additional ice, tournaments, referees for exhibition games, etc.
- In an effort to keep the registration fees as low as possible, volunteer roles and some fundraising is required. These will include:

Volunteering at the Fall Challenge – all parents are expected to help out at this tournament in some way either by announcing, playing music, front desk etc. Any family members may help, brothers, sisters, grandparents. This is a huge endeavour and the tournament cannot be a success without your help.

All families are required to donate 1 gift, at a minimum value of \$15 to the prize table at the tournament. One prize per family if you have more than one child playing in rep.

Parents may be asked to be the team manager, trainer, social director etc. It is expected that all parents will help the team in some way.

- Being on a rep team is a huge commitment for coaches, players and parents.
